# ALABAMA DENTAL CONNECTION

A PUBLICATION OF THE ALABAMA DENTAL ASSOCIATION

## **ALDA Opposes Proposed Board of Dental Examiners Rule on Administration of Botulinum Toxin**

**The Alabama Dental Association opposes proposed Board of Dental Examiners Rule 270-X-2-.25 Administration of Botulinum Toxin and Similar Treatments by Dentists as written.**

The Association has requested a meeting of a Joint Committee consisting of three (3) **ALDA** leaders and three (3) elected Board member dentists to discuss our opposition to this proposed Board Rule, as well as **Board Rule 270-X-2-.21 Oral Conscious Sedation**. We have requested a meeting of this Joint Committee before June 7, 2024, which is the next scheduled public meeting of the Board of Dental Examiners of Alabama.

Check your Alabama Dental Connection newsletter for updates on this and other important information for Alabama dentists.
